#### **(f) Responsible Persons and User Information.**

(2) In order to provide for the reasonable and orderly conduct of the Association, the responsible persons designated for each Delivery Structure shall, at the request of the Board, provide information relative to the water users and the lands irrigated with water diverted through said Delivery Structure. Such information may include, but is not limited to, the names, addresses and telephone numbers of those persons who divert and use water through the Delivery Structure, a map identifying the location of secondary diversions off of the shareholder's system, if any, and the place of use of the water diverted through the Delivery Structure.

(3) Responsible persons shall be obligated to ensure, to the extent possible, that water diverted through a Delivery Structure is only used by those who own or rent stock of the Association or are rightfully entitled to use water by virtue of membership in another corporation, association or entity which is a shareholder of the Association.
